

*NORTHWOODS SCHOOL  
ENTRANCE REDESIGN*

*Lake Placid, New York  
2016*

CLA SITE worked with the Northwoods School in Lake Placid, New York to redesign the main entrance to the school. CLA SITE completed all site design drawings including grading and drainage, stormwater design, pedestrian ADA accommodations and a new stairwell entrance.

The project provided a new parking and vehicular circulation plan as well as a planting design for the main gateway to the school. The project required coordination with the Town of North Elba and the Village of Lake Placid.
