

*CENTRAL BRIDGE  
COMPLETE STREETS PLAN*

*Central Bridge, New York  
2017*

CLA SITE and the LaBerge Group are working closely with the County and Town of Schoharie and Schoharie Area Long Term Development (SALT) on a complete streets plan for the Hamlet of Central Bridge. Funded and supported by a grant through the New York State Office of Homes and Community Renewal, the plan will build the framework for a revitalized hamlet. Through extensive community outreach, the plan will foster sustainable growth for the small rural community and build consensus on the future of Central Bridge.

CLA SITE staff conducted complete street walks with local leaders and the public and prepared a complete streets masterplan for three community-selected focus areas. Each focus area prioritized pedestrian safety and the creation of new usable public space.
