

*PARK INN - BEST WESTERN*

*Saratoga Springs, New York  
2003*

CLA SITE provided lead consulting services for site planning and development of a 74-unit Best Western Hotel. Site design and permitting included City planning board presentations, coordination with the NYS Department of Health and NYS DEC stormwater permitting.

Design tasks included development of concept alternatives and site construction documents including demolition, site layout, grading and drainage, site lighting, on-site septic design, pool area and planting plans.
